

4 was dependent on canceled claims, and that applicant had failed to supply a second copy of Figure 4 for the drawing set.

As previously noted in the response objected to, at page 3, claim 4 was previously canceled by the amendment filed on June 23, 1992. To avoid any further confusion on that point, claim 4 is again expressly canceled by this response.

A full set of drawings, including Fig.4 and the corrected Fig.1, are being submitted with this response to insure that the file is complete.

Dated: March 26, 1993
